**Name of Physician (please print)**      **Signature of Physician**      **Physician's office stamp**

☐ **NEW DRIVER'S TRAINING FUND (for persons with hemophilia)**

This fund was created by the BC Chapter because the Chapter recognizes that one of the leading causes of death or serious injury among young persons relates to new drivers involved in vehicle collisions. Persons with hemophilia in such a collision would especially be susceptible to additional complications and serious injury. The BC Chapter believes that professional driver education and training will increase the defensive driving capabilities for those new drivers with hemophilia and assist to potentially lower collision rates and thus, lower their exposure to any serious injury from collision.

If you are a new driver that has never possessed a valid driver's license either in BC or any other jurisdiction and are in possession of a current BC Learner's (Class 7L) Driver's License you may be eligible to receive this fund.

The BC Chapter will reimburse driver training costs to a **maximum \$1500** paid to an "ICBC Approved Driver Education Course" (listed on ICBC website) as part of the Graduated Licensing Program

☐ **MEDIC ALERT ID**

This funding is available as a one time reimbursement for a person with hemophilia/inherited bleeding disorder for the cost of a basic stainless steel ID up to **maximum \$100**.

☐ **EDUCATION BURSARY FUND**

**What can the bursary be used for?**

The bursary can be used for educational purposes. Examples include upgrading and career preparation, vocational training, college, university or any other career-based education available at an accredited institution.

**What is the amount of the bursary?**

The amount awarded can vary each year and is dependant on the number of eligible applicants. The bursary will never exceed the cost of the individual's tuition fees and is currently capped at a maximum of \$1,750 per person per year. Living & travel expenses or cost of books are not available through this bursary. Applicants are currently eligible for six years of funding.
